Based on an evaluation of the test report(s) and tested sample(s) detailed above, the product is in conformity with all essential requirements of SCHEDULE 1 of Electromagnetic Compatibility Equipment Regulations 2016. Other standards and Regulations may be relevant to the product, once all relevant UKCA regulations are complied with, including risk assessment and production control, the manufacturer may indicate compliance by signaling a Declaration of Conformity themselves and applying the UKCA marking to products identical to the tested sample(s). This verification is valid only in conjunction with the test report(s). The verification does not imply assessment of the production of the product and does not permit the use of a Lab's mark of conformity.
